

PRESS RELEASE FOR THE SECURITY REVIEW MEETING ON 23/02/16

A security review meeting for the IT Corridor was held at the Office of Commissionerate of Police Cyberabad on 23/02/2016. The meeting was chaired by the Joint Commissioner of Police Mr. Sashidhar Reddy, IPS and modulated by Mr. Kartikeya Sharma, IPS, DCP Madhapur. The attendees for the meeting included the police personnel and IT area SHOs as well as security heads of IT industry, IT Parks and Business School.

Major agenda for discussion was to understand the extent of security aspects and analysis in the respective organization and details on review processes taken up by the corresponding companies in the advent of situations erupting in different scenarios. The meeting purview also covered various preventive measures that can be adopted and agreed upon to be implemented.

The chair for the meeting Mr. Sashidhar Reddy emphasised on the need for more security control mechanisms in the organization, including access control and validation of the private security agencies which has to be checked on a periodical manner.

On the occasion DCP Madhapur Mr. Kartikeya, IPS emphasised on comprehensive data collection that is underway to be able to mitigate any situation by the Cyberabad Police in an effective manner. The DCP also stated that the commissioning of the Emergency Responsive Program (ERP) processes in the IT corridor is underway.

Speaking from the SCSC perspective Mr. Bharani Kumar Aroll, the Secretary SCSC, called the attention to the aspect of SCSC focusing on the safety and security related to the IT corridor, by way of spending about 45% of their funds towards all initiatives of safety and security. Mr. Aroll encouraged the company representatives to share the best practices along with the fellow industry member companies to strengthen the overall security measures.
