CHAIRMAN'S MESSAGE

CHAIRMAN'S MESSAGE

As the new Chairman for the SCSC, let me begin with two words:
Thank you!

The SCSC and its humanitarian partners have served the society in myriad ways. I am pleased to see many inspiring examples of transformative change during this pandemic.

I am looking forward to work with all of you in my capacity as Commissioner of Police for Cyberabad and the Chairman for SCSC.

In the days to come, let us renew our determination to build a strong, sustainable and inclusive recovery from the pandemic, and to take decisive action together to move forward for the safety and security of Cyberabad. We have the knowledge, the technology, and the resources to do so.

What we need is unity of purpose; effective leadership from all sectors; and urgent, ambitious action. I call on the Cyberabad ecosystem to ensure our integrated support to every person that requires it.

I thank Sri VC Sajjanar, IPS for his dedicated leadership to this cause.

I hope to work closely with the Cyberabad ecosystem to strengthen this partnership. Let us together build a sustainable, safe, and secure future.

Sri. M. Stephen Raveendra, IPS
Commissioner of Police, Cyberabad
Chairman, SCSC

OUTGOING CHAIRMAN'S MESSAGE

SRI V C SAJJANAR, IPS

The past year has been tremendously challenging due to the pandemic and has transformed nearly every aspect of our world. While in the first phase of the pandemic, SCSC was focused on business continuity, the second phase of the pandemic was all about life support. In all these, one lesson rings true: Virtually no one has been left untouched after these 2 waves of dramatic disruption. A generous dose of empathy and understanding of that truth will make us all stronger as we rebuild and remake our world in the year ahead.

In the tough times when we worked through the scarcity of beds and vital supplies like medicines, injections, oxygen - our lives have been altered. SCSC rose to the occasion and supported the ecosystem in providing life support in the shortest possible time. The pandemic has affected many families from a financial, health perspective. However, there have been remarkable stories of resilience, ingenuity, and creativity.

SCSC has once again played a major role in Cyberabad by joining hands with all the industry heads and arranged facilities like free tele medicine, 24x7 free emergency ambulance services, setting up of Project Ashray - an isolation Centre for Covid patients, Child Care Centres, supporting 30 district hospitals with beds, medical equipment, oxygen concentrators, medicines. Setting up of Oxy Care Centre for post-Covid patients who need oxygen, providing free oxygen concentrators through O2 bank, the biggest vaccination drive, blood donation camps were among the much-appreciated initiatives. All these were arranged within hours and saved many lives without charging anything. These initiatives were possible only because of timely support from all industry sectors.

This year has proved that SCSC can not only work for the safety and security of the industry but also can raise to the need of the society and save lives. We got the highest satisfaction ever before with the opportunity we got to serve the society and save lives.

SCSC has not only raised to the requirement and served but also did not lose its focus on its regular activities like Women Safety, Road Safety, Safety & Security and Cyber Security.

This year stands out as a milestone for Cyber Security Forum as it has trained and certified 101 DiLSeY Volunteers to create awareness among teenage youth about the evils of cyber threats, their effects, and safeguards. COE is another big initiative which will prove to be a big platform for SCSC.

Women Forum came out with yet another very useful initiative - Aadhya which is well received by the society. The addition of one more new She Shuttle has picked up well and expected to meet the need once the pandemic is over.

Initiative of the Safety Security Forum - Nighanetram - is proving to be an effective module to maintain the CCTV Network. Virtual training of the security personnel was well attended and appraised.

SAVIOR is yet another innovative and useful initiative of the Traffic Forum that will play an important role in saving lives of people who meet with an accident on roads.

As the day has come to say good luck to SCSC and the industry, I wish the very best to Sri. M. Stephen Raveendra, IPS the new Commissioner of Police, Cyberabad, and the Chairman, SCSC.

Sri. VC Sajjanar, IPS
MD. TSRTC
Past Chairman SCSC

SECRETARY GENERAL MESSAGE

GENERAL SECRETARY-SCSC

The COVID-19 pandemic is more than a health crisis; it is an economic crisis and a humanitarian crisis. This crisis has highlighted severe fragilities and inequalities that require the full support of the society, industry, and government.

Driven by compassion and solidarity, SCSC has put together a large-scale, coordinated, and comprehensive health response to save and protect lives. SCSC led the efforts and stood as the single point of contact for all the services like free online doctor consultation, 24/7 free ambulance services, child care centres, empowering the district hospitals to treat the patients from their districts and stop the over load on Hyderabad hospitals, free treatment of Covid patients, free treatment of post-Covid patients who had low oxygen levels with accommodation and food, free service of oxygen concentrators / cylinders at home, blood donation camps, groceries distribution, etc.,

I take the opportunity to thank all the Industry Heads for the greatest support ever SCSC has received. This is a once in a life-time opportunity to stand by the Society and serve. All these were possible only with the support of the Industry from all verticals – IT / ITES, Pharma, Infra, Healthcare, Hospitality, Manufacturing, etc., who had supported us with the timely CSR donations in cash and kind. With the support we not only saved lives but also saved people from becoming financially distressed due to the expenses of medical treatment.

Another most important achievement of SCSC is digitisation of information, services, to create a common platform for all the Covid related information. The website: covid.scsc.in was visited and benefitted by more than one and half lakh people. Free telemedicine has served more than 12000 people. Women Forum's new initiative Aadhya, virtual training for security personnel, DiLSeY, COE, etc are initiatives that have been shaped by the emerging needs of the society.

SCSC is known for launching new initiatives every year as per the need of the industry. This year too, it has launched many new initiatives like SAFE, Aadhya, SAVIOR, Virtual Training for the Security Personnel, DiLSeY, Nighanetram, COE which were well received and appreciated by the Industry.

It has been a pleasure to work with Sri VC Sajjanar, IPS on these initiatives. On his promotion and transfer as the MD of TS RTC, we wish him a great success in his new assignment.

We welcome our new Chairman Sri M. Stephen Raveendra, IPS and wish him a grand success as the Commissioner of Police, Cyberabad, and Chairman, SCSC.

INDEPENDENT AUDITORS' REPORT

To the Members of

SOCIETY FOR CYBERABAD SECURITY COUNCIL.

Report on the Financial Statements

We have audited the accompanying financial statements of Society for Cyberabad Security Council ("The Society"), which comprise the balance sheet as at 31st March 2021, the income and expenditure account of the society for the year then ended, and summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Society's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies

used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

We report that:

- We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- In our opinion, proper books of accounts have been kept by the society so far as appears from our examination of such books.
- The Balance Sheet and the Income and expenditure account dealt with by this report are in agreement with the books of accounts.
- In our opinion and to the best of our information and according to the explanations given to us, the said financial statements give a true and fair view:
 - in the case of the Balance Sheet, of the state of affairs of the society as at 31st March 2021 ; and
 - in the case of the Income and Expenditure account, of the excess of income over expenditure for the year ended on that date.

Safety & Security Forum

PUBLIC SAFETY - INTEGRATED OPERATIONS CENTER

Safety & Security

o Activities done

- Virtual Meet with the Security Heads – 475 Security Heads connected Virtually with the CP Sir

o New Initiatives

- Virtual Training to the Security Personnel It is a Five Week Training Program conducted every Saturday and the Main Topics Trained were
 - 1- Terrorism and its Forms
 - 2- Evacuation in High Rises
 - 3- Loss Prevention
 - 4- Electronic Security – Access Control and CCTV
 - 5- Building Lock Down
- Inauguration of Community CCTV by DGP, TS
- Inauguration of L&T CCTV Command Control Centre

Nighanetram Committee

The CCTV Network is truly working as the Third Eye and helping the Police to solve many cases with the video recordings. After installing the cameras it is been found that the number of crimes has come down drastically.

Sri. Vijay Kumar, IPS, Deputy Commissioner of Police Traffic, Cyberabad has formed a separate Team of 21 Newly recruited Constables and trained them Technically towards the maintenance of the CCTV Cameras installed in the Cyberabad Jurisdiction.

He has formed a committee in association with Society for Cyberabad Security Council called Nighanetram Committee which will work towards the funds generation, procurements of Cameras, Spares, cable, etc., and help the Technical Team to rectify the issues on the field so that maximum number of cameras are in working condition.

The newly delegated Nighanetram Technical team is working very effectively and brought 530 plus cameras into working condition within three weeks. However the Team is working very hard and effectively, the on sight problems like height of the camera, cable, etc., causing lot of time waste in rectifying these issues with the help of Ladders, etc., addressing this issue, Sri VC Sajjanar, IPS, has launched the Hydraulic Lift and handed over it to the Nighanetram Technical Team with which the Team can save lot of Time and ensure the safety of the Personnel.

Women's Forum

Women's Forum

o Activities done

- Margadarshak Batch 11 Launch
- Margadarshak Certification Program – 10 Batch

- Supporting the Commissioner Women and Child Welfare in Providing Employment to the Covid – 19 Widows and Funding the Covid-19 Orphans
- Launch of 8th She Shuttle Supported by M/s. Electronic Arts

Women's Forum

Sanghamitra a new initiative to reach out to communities

The COVID outbreak confined people to homes, so women who are subjected to domestic violence can find a friend in "Sanghamitra". Sanghamitra will bridge the gap between victim and the police.

Women and children safety are the top most priority of the Telangana State govt. and the Telangana Police. Cyberabad Police are constantly looking for ways to offer help and service to women and children.

Due to work from home some women who are working from home are subjected to domestic abuse, cyber frauds etc. The main objective is Sanghamitra is to help women who are in need of any support from the available ecosystem.

By knowing 40 % calls of the Dial 100 are related to women facing domestic violence and cases pertaining to crime against women received through. In these challenging times, distressed woman needs a friend, an another woman who stands up for her. Sanghamitra will help proving safe environment for women.

Sanghamitra is similar to Margadarshak initiative. It will act as a bridge between Women, Police and law enforcing agencies. 'Sanghamitra' is a unique model and not found anywhere. It is an initiative to reach help in timely and appropriate manner where required. It is an attempt empower women to take their place in the society as equals.

Sangha of 'Sanghamitra means community and Mitra, a friend. As name suggests, it is a friend, who has been equipped with information and knowledge about the various aspects of the law, of redressal mechanism, process and procedures of seeking professional help. And has access to resources to help someone from their community 'sangh' in time of need/distress. She/he will act as the bridge between the community members and the Police as well as the various resources such as help lines, shelter homes, counsellors and others.

- The 'Sanghamitra' program is an;
- Effort to create awareness about the various avenues of help which are available for a victim.
- A structured approach to bust some of the myths about Police and Policing.
- An initiative to have help reach in a timely and appropriate manner where required.
- An attempt to empower women to take their place in the society as equals.
- A bridge between problems and solutions.
- A step towards building a better societal fabric.

It is an initiative of SCSC Women's Forum. It will be focusing on women's safety, as a part of a larger outreach effort to connect with residential communities with the objective of creating awareness about the various citizen friendly programs and initiatives of the Police.

Women's Forum

SAFE-E Learning Module for Employees SAFE (Safety Awareness For New Hire Employees)

SCSC had visited many organisations and reached out about 60,000 employees and citizens in conducting safety awareness. There was a challenge in reaching out to bigger numbers at a time and hence we came out with virtual sessions followed up by the e-learning module for a wider reach".

Women should be aware on how and who they should seek help and his will help many people joining corporates. There are many cases where young girls who migrate from towns to cities to make a career become a victim and are getting harassed.

SAFE - Safety awareness for employees for New Hires Played a very important role to educate empower and bring awareness to the new hires who come from different cities, districts, villages and find themselves getting overwhelmed in a completely new place and work environment. SAFE was traditionally 90 mins in person session that touched a lot of women safety and security aspects, made them aware of their rights, responsibilities and duties. This program has been developed in tandem with the general HR programs that are run in every organization.

In March 2020, with the upheaval of pandemic and its after effects in the form of lockdown and work from home, security and safety still remained a challenge with SCSC Womens' Forum. New employees were being hired, trained and they started to work from home. The virtual program to an 'e-Learning' module, 'SAFE - Safety Awareness For Employees'. This learning is for 21 mins duration, followed by a small qualifier test where passing percentage is 80% and on qualifying a digital certificate is generated for the employee. This pandemic has not been able to dampen spirits at SCSC.

TRANSGENDER HELP DESK

In 2014, the Supreme Court recognized the transgender community as a third gender along with male and female and ruled that they have equal privilege over the fundamental rights enshrined in the Indian Constitution. The transgender community is not a homogenous group and consists of varied factions. Marginalization by society has forced the community to beg or indulge in sex work and there is need for a comprehensive scheme or a policy by the Government to support transgenders to the mainstream in the society.

There are various problems faced by the community including lack of education, no access to employment, inability to find houses to rent, intimate partner violence, harassment on the street and intra-community violence. In response to the issues and concerns raised by the Transgender Community it was decided for a first of its kind unique initiative in Telangana to set up a 'Transgender Help Desk' at Cyberabad Commiserate at the interface with over 150 transgenders organized by Sri VC Sajjanar, IPS, Commissioner, Cyberabad.

The interface was aimed to understand the problems and concerns of the Transgender Community in the city and explore the possible solutions for the same. Initiated on the request of social activist and Padmashree Awardee, Ms. Sunitha Krishnan the interface was an opportunity for representatives of the transgender community to share their problems about the structural and societal violence they are subjected every day in their lives.

Women's Forum

SKILL DEVELOPMENT WORKSHOP CONDUCTED FOR TRANSGENDERS

After the formation of Transgenders Help Desk at Cyberabad, IT Industry came forward to provide the jobs. The aim of this workshop is to create a platform for transgenders to resolve their problems and fix gaps to enhance confidence and acquire skills.

The workshop was modelled around ABC Concept of Attitude, Behaviour and Communication skills and it is an ongoing process.

This is first of its kind and unique program in Telangana focusing on skill development of transgenders and making them employable to lead a dignified and respectable life. This workshop shall not only align them to mainstream society but it is also aimed at transforming Transgenders to aspire better ways of living. This workshop is intended to instil confidence, polish their Skills & Body language, developing soft skills, Interview skills amongst the transgenders and prepare them for Job Interviews.

The Trainers

Dr Usha Yanamandra (founder of Catalyst Institute of professional development), Ms. Mrudula Kapila- corporate trainer for conducting workshop to transgenders.

Launch of She Shuttle Sponsored by Virtusa and Electronic Arts

SHE SHUTTLE is one of the signature initiatives of Women Forum of SCSC, which provides free and safe commute services to women employees in IT corridor. These services are utilized by women from IT & ITES companies and also their supporting staff like House Keeping, Facility Management Team, Security Guards, etc., from Morning 7.45 AM to 11.30 AM and 3.45 PM to 9.15PM in the night.

Electronic Arts Games India Pvt Ltd, has sponsored one of the She Shuttles was flagged off by Sri VC Sajjanar, IPS, the Cyberabad Police Commissioner along with Smt. C Anasuya, Dy. Commissioner of Police – Women and Child Safety, Mr. Krishna Yedula, Secretary General, Officials from Electronic Arts Games India Pvt Ltd – Priya Krishna Das- Director India Finance, Sucharita Singh- Director People Experience, Mr. Dinesh Reddy - Regional Security Head and Ms. Karuna Facility Head.

Supporting the Covid-19 Widows and Orphans

Society for Cyberabad Security Council (SCSC) and Cyberabad Police has taken upon the responsibility of providing the Jobs to the Covid -19 Widows and fund the Covid-19 Orphans' education in the State of Telangana in collaboration with the Department of Women & Child Welfare, Govt of Telangana.

SCSC has entered into an MOU to support the educational needs (Tuition Fees and expenses towards Books) for them until they complete their basic education up to Tenth Class.

Ms Divya Devarajan, IAS., Commissioner, Women & Child welfare appreciated the gesture by SCSC in complementing the efforts of the Government and extending financial support towards education of these orphans.

Traffic Forum

Traffic Forum

o Activities done

- Virtual Road Safety Session for ICICI Employees
- 2nd Short Film Awards Ceremony
- Virtual Road Safety Session for Novartis Employees
- Virtual Road Safety Session for HM Clause Employees
- Drunk and drive Volunteering
- Launch of 3rd Short Film Video

o New Initiatives

- Launch of SAVIOR
- Organised 16 Saviour Trainings and Trained 1800 plus Volunteers
- Set up of Nighanetram – aimed at rectifying all the 20k cameras installed in Cyberabad to live and working condition

SAVIOR

– Saving Accident Victims on Road – Training of first responders in the first aid – Police personnel and citizens

As Cyberabad witnesses hundreds of fatalities every year in road accidents, it is imperative that the first responders need to be equipped with basic first aid skills to save the injured persons in golden hour. Every month almost 25-30 persons die in hospitals while undergoing treatment for the injuries sustained in road accidents. This stresses the need for basic first aid including the skills and knowledge on how to observe and handle the injured at the accident site.

Keeping this in mind, Cyberabad Traffic Police in association with the SCSC and CIHS (Care Institute of Health Sciences) have started the 'first responder' training course involving the field level police personnel and the citizens who reside along the accident prone road stretches and locations. It is part of a broader road safety initiative 'SAVIOR' which envisions accessibility of proper golden hour trauma care to the accident victims.

RoadSafetyVirtual Meet with IT / ITES Employees

Out of the total number of accidents that are taking place 60 to 70% are of the Bikers and Pedestrians.

It is noticed that Bikers do not follow the lane discipline, do not wear high quality helmets, drive in a zig zag way in the heavy traffic, drive very closely to the heavy vehicles, enter the high way without proper observation, etc.,

Pillion Riders are mostly meeting with fatal accidents as they do not wear the helmets. By wearing the Good Quality Helmet we can save one life per day that is 365 lives per year and 365 Families which are dependant on them.

GHMC & CTP have introduced Comprehensive Road Maintenance Program (CRMP) which is a PPP Module under which the Pedestrian Safety measures like; Construction of Foot Paths, Foot Over Bridges, Road Cross Markings, Sign Boards, etc., are been taken up. And about 14 new FOBs and 31 Exclusive Pedestrian Road Crossings are going to come very soon.

- o Activities done

- Cyber Security Awareness Session to 150 HP School Teachers
- Thought Leadership “Road to Zero Trust”

- o New Initiatives

- Launch of DiLSeY – Digital Literacy to Secure Youth
- Trained 135 Volunteers over three weekends
- COE – Centre of Excellence a Single Point of Contact for all the Cyber Crimes in TS
- Presentation of COE Framework to DGP, TS
- DiLSeY Graduation Ceremony of 101 Qualified Volunteers

DiLSeY Graduation

There is a paradigm shift in the way crimes are executed on cyber world as compared to conventional crimes. We are witnessing an increasing trend in cyber crimes since last 2 years. During the Pandemic since last one and half year most of the People are working from home depending more on the Online Purchases, Transactions, etc., Taking the advantage the Cyber Criminals are taking full advantage and looting the People Money to a tune of Crores through Online Trading, social media, etc., most of the victims to this Cyber Crimes are students, Youth and Women.

With the onset of pandemic and our youth hooking on to online classes, they are getting exposed to internet and other social media perils. The Society for Cyberabad Security Council in association with the Cyberabad Police had initiated a Program “DiLSeY – Digital Literacy to Secure Youth” to create an awareness about the Cyber Crimes, its effects and how to be safe from them, among the Youth from 8th Class till 12th Standard Students.

SCSC has trained about 101 IT / ITES Employees in its first batch of training, and they are ready to educate and create an awareness about the Cyber Crimes related to social media, Online Apps, Games, Fraudulent Links, smart phone addiction etc.

These DiLSeY Trainers will be imparting awareness to students over the weekends about the Cyber Crimes, their effects and effective ways to avoid them.

Thought Leadership – “The Road to Zero Trust”

Society for Cyberabad Security Council (SCSC) conducted a thought leadership session – The Road to Zero Trust in a Hybrid Work Environment today. The session was attended by over 100 Cyber Security & Information Security professionals apart from Cyber enthusiasts.

These 90 Min Leadership Sessions are aimed at bringing Cyber Security professions up to speed on latest trends by way of Panel discussions from Experts. The panellists for today's session were Mr Rajesh Kumar, IPS., IGP-IT Cell Intelligence, Mr Rajeev Shukla, Mr. Vijay Banda & Mr Abhishek Kumar, Jt Secretary SCSC. The session was also graced by Mr. VC Sajjanar, IPS, Commissioner of Police-Cyberabad, Mr. Vijay Kumar, IPS., DCP Traffic & Cyber Crimes and Krishna Yedula, Secretary General SCSC.

COVID – 19 Relief Activities

COVID – 19 Relief Activities

AMBULANCE LAUNCH

During the Covid-19 second phase most of the people got effected by Covid – 19 and there was a huge demand for Emergency Ambulance Services due to which the Covid-19 Patients were facing shortage of the Ambulance in time to reach the Hospital.

Once again the SCSC has rose to the demand and launched Emergency Ambulance Services with the support of the Industry and saved lives of many by helping them to reach the Hospital in time.

- Emergency Ambulance
- 12 Ambulances – Helped 1250 Emergency Medical Transportation
- Tele Medicine – 9.00 AM to 9.00 PM 4500 People got Free Consultation

TELEMEDICINE

During the Covid-19 second phase the medical & healthcare system in Hyderabad & Telangana is highly stressed. Cyberabad Police & SCSC felt there is need to bridge the gap and decided to launch this through its Healthcare Vertical led by Dr Rajeev Menon. The aim of this call centre was to address the immediate and basic needs of Covid related queries for Citizens thereby ironing out majority of their concerns and panic.

A 9 am to 9 pm Free Telemedicine number was set up for any Citizen who is symptomatic or asymptomatic but tested positive and requires FREE advice on mild Covid Symptoms, guidance on treatment & monitoring, precautions, vaccination and assessing need for hospital admission.

- Strengthening the District Hospitals – 30 District Hospitals got upgraded and served thousands

O2 Bank

In a bid to help the needy patients in Hyderabad with Oxygen Concentrators at Home, SCSC & Cyberabad Police have launched O2 Bank with 50 Oxygen Concentrators in collaboration with Breathe India, EO & ALAI & other NGOs. This facility was accessible to all those needy patients who cant afford to buy or rent an Oxygen Concentrator to maintain saturation levels prescribed by doctor. The Facility will be made available at their homes.

- O2 Bank – Saved lives of people with timely delivery of Oxygen Concentrators and Cylinders

COVID – 19 Relief Activities

-Project Ashray – Cured 205 Covid Patients Free of Cost

Project ASHRAY

Early COVID-19 Medical Care centre with Oxygen 50 beds, expandable to 150 beds Setup by SCSC and IT industry through CSR contributions from United Way Hyderabad and SCSC, Actively supported by IT associations, volunteers and NGOs

With the second wave of pandemic gathering steam, several Industry bodies, SCSC, United Way Hyderabad, other CSR groups have come together and created a supplementary COVID Care facility called Project Ashray, which caters specifically towards providing Intermediate Covid medical Care to patients who are Covid Positive and are suffering from moderate symptoms.

The Facility had doctors, medical support and also the ability to provide Oxygen support to the patients who may need it, given their health condition. The Facility is equipped with an Ambulance and Mobile ICU 24/7 to handle any emergencies.

The initiative is being co- anchored by Society for Cyberabad Security Council (SCSC) and United Way of Hyderabad with collaboration from HYSEA, NASSCOM, TiE, Hyderabad, T-SIG, AMCHAM and Grace Cancer Foundation. The funding for initial 50 Bed Facility is provide by Real Page.

The Facility offered Free COVID care is operational 24/7 by a team of doctors, nurses and volunteers drawn from Grace Cancer Foundation.

-Oxy Careattended 74 Emergency Post Covid Cases, Served 134 People with Oxygen Concentrators, Cylinders and 24/7 Doctor Care

Oxy Care Centre

The facility is launched to help the poor, needy who can't afford to buy or take on rent the Oxygen Concentrators.

It is launched with the support from donors, a combined donation of 50 Oxygen Concentrators with 50 beds O2 Oxygenation Park facility at Gachibowli Jn This facility has been set up to support the needy and economically poor post covid patients who don't have access or can afford to buy or rent oxygen concentrators for post covid sustenance of saturation levels till they get to full normalcy.

- CSR Donations – Received INR 5.00 Cr apprx in addition to the Safety Material like; Masks, PPE Kits, Sanitiser, etc.,

COVID – 19 Relief Activities

Launch of Child Care Response Centre

Child Care Response Centre by SCSC & Cyberabad Police was launched for children whose parents are being treated due to Covid.

Children are worst affected when parents have contracted the virus and fall into delusion and psychological issues stem up. Children are the most vulnerable when it comes to health, psychological and emotional safety and the future of our country.

It was being observed that with the rising number of cases in the pandemic, there is a trend of young parents and nuclear families being affected. In most cases, either or both the parents are hospitalised or in-home quarantine. With no immediate relatives being around, it is distressing to see the offspring sharing the same facility or being left alone at home unattended.

The Key Features of this initiative is:

- Verified and Safe stay for children
- Psychological security – For Parent & Child
- Basic childcare needs provided
- Child friendly facility
- Warm and welcoming caregivers
- Regular online connect with your child
- 24/7 care center with tie up with hospitals and doctors for any health support
- Child Care Centers and Individual Care Givers can register through covid.scsc.in portal.

Mega Vaccination Drive

Vaccination was only the option to be safe for self and others as communicated by the International Health Organisations. Many Countries overcome this evil with 100% Vaccination.

But in India the situation was different as people were not taking vaccination because of two reasons – fear getting ill and shortage of vaccination. But in the second phase of Covid-19 seeing increased number of people suffering and dying people realised the necessity of getting vaccinated to save themselves from the Pandemic.

Seeing the shortage of the vaccination SCSC has collaborated with Medcover Hospital and conducted the smooth Mega Vaccination Drive on 6th June at Hitex and vaccinated 36500 People on a single day at single venue. Followed by the second dose on 4th July for 16500 people.
